INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

Mrs. Sarah A. McKeehan,

Athens, Tenn. R. F. D. No. 6.

Dear Madam:-

Replying to your letter of August 19, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at the present time whether or not you are entitled to participate in this fund, or how much each successful claimant will receive.

As there are already over 36,000 applications on file, and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

I am about 45 years of age; was born in Illinois District. I think my father was an Old Settler and my mother an Immigrant. I drew Old Settler money when they made the payment, about two or three years ago. I drew about \$800. I never saw my grandparents on my mother's side. They died since the war. I am the oldest child. I do not now if my mother drew Immigrant money in 1852. My cousin, George Sanders, told me my mother was an Immigrant. My mother was dead when I drew the \$800 Old Settler money. My mother had one brother, Dave Sanders. I never saw Mitchell or Polly Sanders. I do not know when they ~~passed~~ died but do not think they were living at the time of the war. I am a Cherokee allottee and my number is 1280.

REMARKS.

(Under this head the applicant may give any additional information that he believes will assist in proving his claims.)
I was the ninth and youngest child of my parents; my mother died when I was nine days old, and I do not remember the names of any of my brothers and sisters, except brother Nelson. I am quite positive that some of my other brothers and sisters and possibly all of them were living in 1851, but I have never been able to get their names. My aunt Lucy McDanniel had two sons and a daughter and I have reason to believe that they were on the 1851 roll, but I do not know their names, and not having had access to the rolls, can not identify them. My aunt, Peggie Prichett, has one daughter, Nancy Roach, Nee. Prichett living. She lives on Markahms Ferry, in Saline District, but I do not know her Post Office. She was a grown woman when I was a little girl and I suppose knows quite a great deal more than I do about our kindred people so I refer to her Cherokee Application, as it will be identical with mine in our family. My aunt, Ollie Prichett has a grand son, Ed Prichett, living at Tahloquah, he is the son of Charles Prichett, his claim will be identical with mine on the McDanniel side. By this means, it may be possible to identify my relatives on the McDanniel side, with the exception of the name of my deceased brothers and sisters, as they will not be given by anyone else, or if they should be given by anyone else, the claim will be fraudulent, as I am the only heir. It is almost impossible for me to get up this evidence and information, under the present method of enrollment; for after I will get the names, I would have to go and compare them with the rolls in the hands of the Five Civilized Tribes, and this comparing and hunting up of my relation would be very tedious and very expensive.

AFFIDAVIT.

(The following affidavit must be sworn to by two or more witnesses who are well acquainted with the applicant.)

Personally appeared before me W. M. Hall and J. W. H. H. Eliza J. ~~Scott~~ Frye, witness for her ward, Susan Scott, after being first duly sworn, deposes and says:

I think Susan Scott was about 73 years old. She was a Cherokee Indian. I do not know where she was born. She was a Cherokee allottee. I do not know whether ~~whether~~ she was an immigrant or old settler. I do not know her father's or mother's name. She died about three years ago. She was an old woman when I first knew her. I took her and gave her a home but know nothing about her people except that she was a full blood Cherokee. She was an immigrant. I must have been about grown when she came here for she married soon after coming West. ~~She~~ I got her allotment and her number of 25772. I think her mother's name was Cahnaty. She was married to a man named Daugherty before she married Scott. Probably married ~~more~~ more than that but do not know.

My name is Eva Young: I was born in Illinois
April 4, 1870: My father was born in Sequoyah District,
1839: I think my mother was born in Flint District; ~~1877~~
my mother died in about 1877: I don't know when my mother
was born: I think my grandparents were born in the old
nation: I don't know when they came to the Ind. Terr.,
but they were all only ant Sherokees: none of my people
have ever been white settlers: neither I nor any of the
ancestors know of who I claim have ever affiliated
with any tribe or nation other than the Sherokees:
I was offered an allotment and never accepted my
allotment. I never heard my father say anything about

My name is Thomas J. Beck. I was born January 17th, 1888. I am enrolled by the Dawes Commission number 6424 Cherokee by blood. My father's name was Ezekiel Beck. He died in September 1904. My mother's name was Mary Beck nee Woodall, she has been dead about 14 years. I have a half brother on my father's side by the name of William F. Beck. I have two full brothers younger than I named James and Cogan Beck. My half brother William filed application for them and I supposed he had included me with them until he told me about four weeks ago that he did not file for me. My post office is Tahlequah, Okla.

I ask that my name be placed with my other brothers or that I be permitted to file separate application or that this matter be referred to an application.

App. No. 12260.

December 17, 1909.

Honorable Charles H. Covles,
House of Representatives,
Washington, D. C.

Sir:

I have the honor to acknowledge receipt of your letter of December 16, 1909, enclosing a communication from Mr. Field Osborn, of Laurel Springs, A. C., relative to his claim for participation in the Eastern Cherokee fund.

In reply you are advised that the claims of persons claiming Eastern Cherokee descent through Ned Sizemore were reported by me on May 22, 1909, for rejection, but since that date a large number of exceptions have been filed by those parties to my report.

I am to make my report to the Court relative to the exceptions filed early in January next, but until I make my report I cannot announce the decision in any particular case, in which an exception has been filed.

It is now too late for claimants to submit additional testimony.

Mr. Osborne's letter is returned to you, herewith.

Very respectfully,

Special Commissioner.

IN THE MATTER of the Application
of Robert Brown, et al, for citi-
zenship in the Cherokee Nation.

Comes now Robert Brown and appearing for himself and for the other persons named in the above entitled cause, respectfully shows to the Commissioner that heretofore in 1896 they made application to the Commission to the Five Civilized Tribes for enrollment as citizens of the Cherokee Nation and presented with said application proof showing that they were Cherokee Indians by blood and were entitled to enrollment; that their said application was rejected by the said Commission and that thereafter under the provisions of the law governing such applications, they appealed to the United States Court in the Indian Territory, Northern District, sitting at Muskogee, their said appeal being docketed upon the records of said Court as Case No. 110; that thereafter their said application was denied by the said Court and the judgment of the Commission to the Five Civilized Tribes was affirmed.

Petitioners further show that they believe that they are entitled to enrollment as citizens of the Cherokee Nation by blood and they believe that upon a full and complete hearing of this their said application upon the testimony already submitted by them and such additional testimony as they may be able to produce that they will be declared entitled to enrollment. POSTAGE

As our expense for postage is very heavy, parties writing us should bear in mind that we are corresponding with them concerning their own business, that we get no pay at all unless we get the claim allowed, and always enclose a sufficient number of stamps for conducting same. The matter of postage is important to us, and we are obliged to ask each claimant to keep us whole in this respect, and as this is only reasonable and right, we hope you will comply in your own case. The average amount of postage required is in original and new disability cases about 50cts., straight increase 20cts.

Hon. Union Miller

Dpl. Commissioner,

Washington, D.C.

Dear Sir:-

In reply to your letter of 13th inst, relative to application of Thomas Spear, beg to advise that he is of sound mind, but can not read or write, having never been sent to school, as he was deformed at birth and his mother too poor to send him. - His back and one hip is protuded from his body but appears to be an enlargement. He can do light work, such as hoeing or picking cotton and errands about a farm yard and earns his living that way - of course people give him shoes and clothing and I have obtained a donation of \$2.00 per month from the County board of charities.

He is still living and his features in every way, facial, etc, as so much like the Cherokee Indians of nearby North Carolina that he is often thought to be one but possibly a stranger. Neither his parents lived with the Cherokee Indians but his grand mother on his mother's side did. None of them were ever slaves.

Yours truly
H.A. Fleming, Guardian

I am 54 years of age; was born in Cobb County, Ga.;
have spent my life in Forsythe and Cherokee Counties.
I claim my Indian blood through my father. My
grandfather never received any Indian money that I know of.
I remember my grandfather. He lived in that county.
I do not know if he lived with the Indians. My father
did not live with the Indians that I know of. My father
first told me of my Indian blood. He said his mother
and sister were Cherokee Indians. They were curious looking.
Did not look like my mother's people. My grandmother was
a small woman. They were dark. My grandfather was
a small fleshy man. I do not think he had a beard.
He was a farmer. I cannot remember if he spoke the
Indian language. He died in 1875. I have never
tried to get any Indian money prior to this time.
